Beauty and functionality meet in The Timberline floorplan. A stunning curb appeal greets you while massive 20' ceilings bring the entry and great room to life. The chef's kitchen includes Bosch appliances, an oversized pantry, and plenty of countertop space. A main level guest bedroom and office benefit from views out the front and back of the home. The upstairs master suite has massive windows overlooking the backyard while the master bath is finished with dual closets and vanities as well as a luxurious soaker tub. The upstairs bonus room is a highlight of the home and serves as the perfect place to lounge. The open to below design creates a dramatic effect throughout the home, and helps take advantage of the natural light and striking views.
